

ZONE 3 Plants (least salt spray tolerance)								
Botanical Name	Common Name	Foliage Retention	Exposure	Dry, Sandy Soil Tolerance	Moist, Well-drained Soil	Wet, poorly drained Soil Tolerance	Availability from Nurseries	Wildlife Value
<b>Small Trees (10' to 30')</b>								
<i>Crataegus crus-galli</i>	Cockspur hawthorn	deciduous	part shade to sun	yes	yes	no	widely available	Yes
<i>Ilex opaca</i>	American holly	evergreen	sun	yes	yes	yes	widely available	Yes , toxic
<b>Medium to Large Trees (over 30')</b>								
<i>Celtis occidentalis</i>	Common hackberry	deciduous	part shade to sun	yes	yes	no (but can survive flooding)	somewhat available	Yes
<i>Nyssa sylvatica</i>	Black gum	deciduous	part shade to sun	no	yes	yes	widely available	Yes
<i>Quercus alba</i>	White oak	deciduous	sun	no	yes	no	somewhat available	Yes - acorns
<i>Quercus prinus</i>	Chestnut oak	deciduous	sun	yes	yes	no	somewhat available	Yes
<i>Quercus velutina</i>	Black oak	deciduous	sun	yes	yes	no	somewhat available	Yes-acorns
<b>Shrubs</b>								
<i>Alnus serrulata</i>	Smooth alder	deciduous	shade to sun	no	yes	yes	limited availability	Low
<i>Cephalanthus occidentalis</i>	Common buttonbush	deciduous	part shade to sun	no	yes	yes	widely available	Yes
<i>Ilex verticillata</i>	Common winterberry	deciduous	part shade to sun	no	yes	yes	widely available	Yes
<i>Juniperus horizontalis</i>	Creeping juniper	evergreen	part shade to sun	yes	yes	no	limited availability	Yes
<i>Lindera benzoin</i>	Northern spicebush	deciduous	shade to sun	no	yes	yes	limited availability	Moderate
<i>Myrica gale</i>	Sweet gale	deciduous	shade to sun	no	yes	yes	limited availability	Yes
<i>Physocarpus opulifolius</i>	Eastern ninebark	deciduous	shade to sun	no	yes	no	widely available	Yes
<i>Dasiphora fruticosa</i> ( <i>Potentilla fruticosa</i> )	Shrubby cinquefoil	deciduous	sun	no	yes	no	widely available	Low
<b>Herbaceous Perennials</b>								
<i>Baptisia australis</i>	Blue false indigo		part shade to sun	yes	yes	no	widely available	Pollen source; toxic
<i>Baptisia tinctoria</i>	Yellow false indigo		part shade to sun	yes	yes	no	limited availability	Pollen source; toxic
<i>Eutrochium purpureum</i>	Joe pye weed		Part shade to sun	no	yes	yes	widely available	Yes
<i>Teucrium canadense</i>	Canada germander		Part shade	no	yes	yes	limited availability	Yes
